To Judge Rhoads

I am writing you to say how disatisfied and Angry I am about the Government of the state of Michigan. You know it used to be a time the peoples vote really counted in America, and I am sure its not only happening in other States in America but I have lived in detroit all my life and this is where I know for sure

Democracy is being destroyed in the state of Michigan for the poor and middle class. In 2012 Presidential Election The people of the state of Michigan voted and Repealed Public act number 4 and we won. Not only did they put another Public act 436 in it was done like thieves in the night. This Governor said Blatantly in his actions that what ever he wants he will get no matter the people want.

I think when these politician play these games they are playing a dangerous ~~game~~ One I am a African American who has lived in Detroit all my 58 years and I am starting to see alot of Black American who used to be Patriotic are now becoming Unpatriotic. For the first time in a long time I am hearing from Veterans in the Black community saying, they feel betrayed and having put there life on the line for American democracy and having there vote walk on makes them ashame that they joined the Military. They are telling there kids not to join the Military. We the people of Detroit want are street lights turned on, yes we want are Trash picked up but thats not all we want We want to be able to controll the economics of are Community,

Not to have the rich one percent of the people control and benefit while the 99 percent get nothing. So Judge Rhoads please consider that pensioners rights must be protected at all costs. Thank you.
